Strengths of Togo Sangyo

01 Trust and Achievement of 70 Years

Once we reach our 70th anniversary, we would have collaborated with about 4000 companies, both internationally and domestically.

02 Inter-Industry Cooperation

With multiple cross-industry departments, we are making proposals that meet the customer's needs from multiple angles.

03 Aggressive Quality Assurance

Since 2008, we have been committed to providing products with consistent quality by creating processes that focus not only on preventing recurrence but also on preventing problems from occurring in the first place.

Corporate Philosophy

Enhancing the value of the company's presence

We comply with laws and regulations and contribute to society through our service to suppliers and customers. Profit is the barometer of our contribution.
We are expanding company and employees support group companies and are supported by them.

Creating a bright and lively workplace

While aiming to be better members of society, we create a fair place with a rewarding job, and build a happy family.
